

# Lindberg Automotive

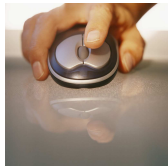

## What's New?

We are definitely in the age of technology. We at Lindberg Automotive embrace new technology and are offering the option to receive text reminders for service such as oil changes, tire rotation etc...

I know some of the time the stickers fall off or we forget to look at them. This technology allows us to send you a friendly text reminder advising it's time for service. When your vehicle is in for service we can now notify you by text to let you know your service is complete. This will be convenient so as not to bother you at work during a meeting, during a workout or even a diaper change. This is a two way connection; you may also contact us by text. This will be in addition to our email reminder and mailer system.

At Lindberg Automotive we are trying to Go Paperless. If you are interested in using this technology, please visit [www.lindbergauto.com](http://www.lindbergauto.com), Click on the opt in link or bring this letter in and make a selection, you will receive a coupon for \$5.00 off service. We will still offer paper reminders as a choice along with the text, email and newsletter options. As always your personal information is very important to us. We would never sell or give your information to anyone.

## Click On It or Bring It In
